**Learning Starts with Play.** Wondering, exploring, figuring it out – play has a purpose.

It's how children make sense of the world around them and find their place in it.

The best part? Learning through play happens naturally. So find as many opportunities as you can for your child to play. And don't forget to play along yourself.

You'll be amazed at what you will learn together.

that's the

of **Play!**

Play is important for a child's social, emotional, language, cognitive and physical development.
