

***Safe and Caring Schools
Special Project Awards***

This special project fund aims to promote awareness of the Safe and Caring Schools policy and to support districts and schools with its implementation. Specifically, the goal is to:

- ✓ increase awareness of, and support for, effective approaches to establishing and maintaining safe and caring learning environments;
- ✓ strengthen partnerships and promote effective actions to create positive school climates; and,
- ✓ to support and help sustain safe and caring communities.

Districts or individual schools may apply. Teacher-sponsored student groups may also apply to complete projects associated with a particular course or curriculum area (e.g., community service project for Career Development 2201) or with their club/school-based organization (e.g., student council, drama club).

Further details and application forms will be available the Department of Education and district web pages.
