# Acknowledgements

Under the Atlantic Provinces Education Foundation (APEF) common curriculum agreement, the province of New Brunswick was the lead province in the development of the *Biology 3201 Curriculum Guide*. The Department of Education would like to thank the provincial Biology 3201 curriculum committee, the New Brunswick curriculum committee and the following people for their contribution:

**Bradley Clarke**, Program Development Specialist - Science, Division of Program Development, Department of Education

**Ron Smith**, Test Development Specialist - Science, Division of Evaluation, Testing and Certification, Department of Education

**Kara Bourgeois**, Teacher - Holy Spirit High School, Manuels

**Dean Ingram**, Teacher - Swift Current Academy, Swift Current

**Lynda Morgan**, Teacher - Heritage Collegiate, Lethbridge

**William O'Reilly**, Teacher - Laval High School, Placentia

**Craig Tucker**, Teacher - Fogo Island School, Fogo Island

**Nancy Hiscock-Pugh**, Teacher - Discovery Collegiate, Bonavista

**Odette Squires**, Word Processing Equipment Operator II, Division of Program Development, Department of Education

The provincial committee and the APEF interprovincial committee also appreciate the comments and suggestions from the many teachers who used the various draft versions of the document.

# Foreword

The pan-Canadian *Common Framework of Science Learning Outcomes K to 12*, released in October 1997, assists provinces in developing a common science curriculum framework.

New science curriculum for the Atlantic Provinces is described in *Foundation for the Atlantic Canada Science Curriculum (1998)*.

This curriculum guide is intended to provide teachers with the overview of the outcomes framework for science education. It also includes suggestions to assist teachers in designing learning experiences and assessment tasks.
