# Acknowledgements

The Department of Education would like to thank the provincial Grade 9 Science curriculum committee, and the following people for their contribution:

**Craig White**, Program Development Specialist - Science, Division of Program Development, Department of Education

The Department of Education also appreciates the comments and suggestions from the many teachers who used the various draft versions of the document.

---

# Foreword

The Pan-Canadian *Common Framework of Science Learning Outcomes K to 12* released in October 1997, assists provinces in developing a common science curriculum framework.

New science curriculum for the Atlantic Provinces is described in *Foundation for the Atlantic Canada Science Curriculum (1998)*.

This curriculum guide is intended to provide teachers with the overview of the outcomes framework for science education. It also includes suggestions to assist teachers in designing learning experiences and assessment tasks.
