Acknowledgements

Under the Council of Atlantic Ministers of Education and Training (CAMET) common curriculum agreement, the province of Newfoundland and Labrador was the lead province in the development of the *Elementary Science Curriculum Guide*. The Department of Education would like to thank the provincial Elementary Science curriculum committee, and the following people for their contribution:

Bradley Clarke, Program Development Specialist - Science, Division of Program Development, Department of Education

George Tucker, Program Development Specialist - Primary, Division of Program Development, Department of Education

Marie-Louise Greene, Program Development Specialist - French Immersion, Division of Program Development, Department of Education

Darlene Halleran, Teacher - Bishop Feild Elementary, St. John's

Diane Rowe, Teacher - Holy Cross School Complex, Eastport

Joan Dohey, Teacher - Vanier Elementary, St. John's

Kim Pope, Teacher - Greenwood Academy, Campbellton

Maureen Hiscock, Teacher - Woodland Primary, Grand Falls-Windsor

Thelma Coley, Teacher - Vanier Elementary, St. John's

The provincial committee also appreciates the contribution of Appendix C: Kindergarten Science Backpacks developed by:

Heidi Gatherall, Teacher - Goulds Elementary, Goulds

Mary Beth O'Brien, Teacher - Hazelwood Elementary, St. John's

Michelle Coady, Program Development Specialist - Primary, Division of Program Development, Department of Education

Craig White, Program Development Specialist - Science, Division of Program Development, Department of Education

Foreword

The pan-Canadian *Common Framework of Science Learning Outcomes K to 12*, released in October 1997, assists provinces in developing a common science curriculum framework.

New science curriculum for the Atlantic Provinces is described in *Foundation for the Atlantic Canada Science Curriculum (1998)*.

This Kindergarten science curriculum guide is intended to provide teachers with the overview of the outcomes framework for science education. It also includes suggestions to assist teachers in designing school and home learning experiences and assessment tasks.
