Acknowledgements

Under the Atlantic Provinces Education Foundation (APEF) common curriculum agreement the province of Nova Scotia was the lead province in the development of the *Physics 3204 Curriculum Guide*. The Department of Education would like to thank the provincial Physics 3204 curriculum committee, the Nova Scotia curriculum committee and the following people for their contribution:

Bradley Clarke, Program Development Specialist - Science, Division of Program Development, Department of Education

Ronald Smith, Test Development Specialist - Science, Division of Evaluation, Testing and Certification, Department of Education

Renée Boyce, Teacher - Bishop's College, St. John's

Ron Chisholm, Teacher - Holy Heart of Mary High School, St. John's

Larry Eddy, Teacher - Crescent Collegiate, Blaketown

Brian Follett, Teacher - Fatima Academy, St. Bride's

Matthew Lewis, Teacher - Gonzaga High School, St. John's

Odette Squires, Word Processing Equipment Operator, Division of Program Development, Department of Education

The provincial committee and the APEF interprovincial committee also appreciate the comments and suggestions from the many teachers who used the various draft versions of the document.

Foreword

The pan-Canadian *Common Framework of Science Learning Outcomes K to 12*, released in October 1997, assists provinces in developing a common science curriculum framework.

New science curriculum for the Atlantic Provinces is described in *Foundation for the Atlantic Canada Science Curriculum (1998)*.

This curriculum guide is intended to provide teachers with the overview of the outcomes framework for science education. It also includes suggestions to assist teachers in designing learning experiences and assessment tasks.
