

Find your Voice not Violence

By: Alice Ferguson-O'Brien, Bishop Field Elementary grade 6.

Find your voice not violence,
Get rid of the stigma stop the silence.
Not everyone has a voice as strong as steel,
So stand up for all, we'll make a deal.
When you get scared it becomes hard to talk,
So get rid of the violence make it stop.
When someone gets hurt it effects more than one,
So stop the violence it will help everyone.
It's not anyone's fault for being a victim,
We'll say "No More Violence" we'll make a dictum.
When you are sad, scared or hurt,
No one deserves to be treated like dirt.
If we all group together we can say,
"Find your voice not violence it's the proper way."
It can be hard to talk about your life,
But it could help, it really might.
The stigma might be hard to fight,
But make it public, it's what is right.
If we stand together like a human chain,
We can change the world, we can stop the pain.
Find your voice not violence,
Get rid of stigma stop the silence.
